Extended information on the use of cookies

The website of ENTRACK EUROPE SRL uses cookies and similar technologies to guarantee the correct functioning of the procedures and improve the experience of using online applications. This document provides detailed information on the use of cookies and similar technologies, how they are used by ENTRACXK EUROPE SRL and how to manage them.

Definitions

Cookies are short fragments of text (letters and / or numbers) that allow the web server to store on the client (the browser) information to be reused during the same visit to the site (session cookies) or later, even after days (persistent cookies). Cookies are stored, according to user preferences, by the single browser on the specific device used (computer, tablet, smartphone).

Similar technologies, such as, for example, web beacons, transparent GIFs and all forms of local storage introduced with HTML5, can be used to gather information on user behavior and use of services.

In the following of this document we will refer to cookies and all similar technologies simply by using the term "cookies".

Types of cookies

Based on the characteristics and use of cookies we can distinguish different categories:

"Technical" cookies (analysis and performance). These cookies are used to collect and analyze the traffic and use of the site anonymously. These cookies, even without identifying the user, allow, for example, to detect if the same user returns to connect at different times. They also allow you to monitor the system and improve its performance and usability. The deactivation of these cookies can be performed without any loss of functionality.

Profiling cookies. These are permanent cookies used to identify (anonymously or not) user preferences and improve their browsing experience.

The website of ENTRACK EUROPE SRL does not use / uses cookies of this type.

Third-party cookies

By visiting a website you may receive cookies from both the visited site ("owners") and from sites managed by other organizations ("third parties"). An example are the "social plugins" of Facebook, Twitter, Google+ and LinkedIn. These are parts of the page visited generated directly by the aforementioned sites and integrated into the page of the host site. The most common use of social plugins is aimed at sharing content on social networks.

The presence of these plugins involves the transmission of cookies to and from all sites managed by third parties. The management of information collected by "third parties" is governed by the relevant information to which reference is made. To ensure greater transparency and convenience, the following are the web addresses of the various information and how to manage cookies.

Facebook information: <https://www.facebook.com/help/cookies/>
Facebook (configuration): log in to your account. Privacy section.

Twitter information: <https://support.twitter.com/articles/20170514>
Twitter (configuration): <https://twitter.com/settings/security>

Informative LinkedIn: <https://www.linkedin.com/legal/cookie-policy>
LinkedIn (configuration): <https://www.linkedin.com/settings/>

Google+ information: <http://www.google.it/intl/it/policies/technologies/cookies/>
Google+ (configuration): <http://www.google.it/intl/it/policies/technologies/managing/>

Google Analytics

The website of ENTRACK EUROPE SRL also includes components transmitted by Google Analytics, a web traffic analysis service provided by Google, Inc. ("Google"). Also in this case these are third-party cookies collected and managed anonymously to monitor and improve the performance of the host site (performance cookies).

Google Analytics uses "cookies" to collect and analyze in an anonymous way information on the behavior of use of the website of ENTRACK EUROPE SRL (including the user's IP address). This information is collected by Google Analytics, which processes it in order to prepare reports for operators of ENTRACK EUROPE SRL concerning the activities on the site does not use (and does not allow third parties to use) the analysis tool of Google to monitor or to collect personal identification information. Google does not associate the IP address with any other data held by Google nor does it attempt to link an IP address with the identity of a user. Google may also communicate this information to third parties where required by law or where such third parties process the information on Google's behalf.

For more information, please refer to the link below:

<https://www.google.it/policies/privacy/partners/>

The user can selectively disable the action of Google Analytics by installing on his browser the opt-out component provided by Google. To disable the action of Google Analytics, please refer to the link below:

<https://tools.google.com/dlpage/gaoptout>

Duration of cookies

Some cookies (session cookies) remain active only until the browser is closed or when the logout command is executed. Other cookies "survive" when the browser is closed and are also available in subsequent visits by the user.

These cookies are called persistent and their duration is set by the server when they are created.

Browsing on the pages of the website of ENTRACK EUROPE SRL you can interact with websites managed by third parties that can create or modify persistent cookies and profiling.

Cookie management

The user can decide whether or not to accept cookies using the settings of his browser.

The total or partial disabling of technical cookies does not compromise the use of site features.

The setting can be defined specifically for different websites and web applications.

Below are the web resources that illustrate how to proceed for each of the main browsers:
